Dear Patients of Corrective Chiropractic,

As most of you know, we have taken various photos and testimonials of all of you. The purpose of these is to not only share in the joy of many of your successes, but to use them to promote Corrective Chiropractic. We had a professional photographer take some group shots in which some of you may be included. We would like to have your formal permission to use your likeness if you are included in such photos for the sole purpose of promoting Corrective Chiropractic through such advertising methods but not limited to internal displays, display boars, magazines, newspapers, brochures, and other related literature. We assure you that these photos and testimonials will only be used when in conjunction with promoting Corrective Chiropractic and Dr. Laurence. We certainly do not want to infringe upon anyone's right to not have their photograph or testimonial displayed.

Please sign below indicating your preference.

I give permission to use my photograph and/or likeness in print and electronic media including the correctivechiro.net webpage.	I do not give permission to use my photograph and/or likeness in print and electronic media including the correctivechiro.net webpage.
